

Malcolm Bowes

Director

Professional Experience

A registered Architect with over 25 years professional experience Malcolm Bowes was a founding director of Architectus with Patrick Clifford and Michael Thomson in 1986.

Architectus has a real commitment to the application of rigorous management and co-ordination to our projects.

Malcolm Bowes has been responsible for the project management and co-ordination of all major projects by Architectus Auckland and has particular expertise in the organization and co-ordination of project teams for large construction projects.
